

Citra Force contains one of nature's most powerful solvents, d-limonene, which is derived from the peels of citrus fruits and leaves a fresh, natural, citrus aroma.

CITRA FORCE (CF)

A natural, biodegradable, water soluble, cleaner/degreaser concentrate.

- ✓ Non conductive to 30Kv
- ✓ Cleaning of electrical & electronic components
- ✓ Removal of tar, wax, adhesives, silicone and acrylic paints
- ✓ Decarbonising of electric motors & brakes
- ✓ Degreasing of motors & workshop floors
- ✓ Polishing stainless steel and raw aluminium
- ✓ Spot cleaning of carpets & safety equipment
- ✓ Cleaning of recyclable foam filters
- ✓ Use as a quick break degreaser

The Environmental Solution

*natural products for
a better environment*

Lanotec is a 100% Australian owned company whose range of natural rust inhibitors, penetrants, sealants, lubricants, release agents, cleaners and degreasers have been tested in laboratories and proven in the field. When **OH&S** and **EPA** become an issue, Lanotec has the answers. Certified as a Food Grade grease, salt spray tested and acid resistant, a few of Lanotec's lanolin based products will save downtime and costs by replacing many of the consumables currently being used.

Industrial

Sealants & Lubricants

✓ Salt Spray, Acid & Alkaline, High Voltage & Flame Proof Enclosure tested to NATA specifications

Australia's oldest shearing sheds stand today as testament to the unequalled protection given by lanolin.

General Purpose (GP)

For all round lubrication and protection

- ✓ Non-conductive to 70Kv
- ✓ Protection for electrical connectors, ECU's and switch gear, high & low voltage
- ✓ Lubricant for drilling, cutting, machining and pressing
- ✓ Welding anti spatter
- ✓ Component preservation such as vehicle rust protection
- ✓ Lubrication of light chains, ideal for air tool lube, locks and hinges
- ✓ Rejuvenates plastics, vinyls, aluminium & powder coated surfaces
- ✓ Prevention of oxidation for containerised shipping

Lanolin is a unique, natural product secreted by sheep to form a natural protective coating on wool fibres.

Heavy Duty (HD)

For harder working, harder wearing areas

- ✓ Non-conductive to 70Kv
- ✓ Harsh & highly corrosive environments
- ✓ Lubricates, protects and extends the life of heavy chain & wire rope (non fling & non webbing)
- ✓ High speed and load bearing chains
- ✓ Battery terminals, boxes & connectors e.g. electrical fork trucks
- ✓ Assembly lube for rubber hoses & multi pin plugs
- ✓ Component preservation & internal protection of motors & bearings
- ✓ Outside storage protection

Lanotec's lanolin products form a long term barrier against the destructive effects of moisture, salt and acid corrosion.

Type 'A' Grease (GS)

Not to be used inside bearings

- ✓ Certified as food grade
- ✓ Non conductive to 70Kv
- ✓ Rubber grease, non perishing, excellent belt grip
- ✓ Welding nozzle dip, drilling & cutting aid
- ✓ Lubricant for rubber hoses, linkages, pivot pins and bushes
- ✓ Anti-seize for threaded rod, shackles, nuts & bolts
- ✓ Metal to metal soft seal gasket
- ✓ Stops galling of stainless steel & aluminium
- ✓ Stops electrolysis due to dissimilar metals

penetrates, lubricates, protects and preserves
non-toxic, non-carcinogenic, environmentally friendly, biodegradable
